### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Fitzpatrick, Attorney of Record, on April 13, 2005.

The application has been amended as follows:

In the Specification:

In paragraph 4, line 7, "speeded" has been changed to -- speed --.

In the Claims:

In claim 1, line 11, "the" (first occurrence) has been deleted.

In claim 11, line 4, "the" (first occurrence) has been changed to -- a --.

In claim 12, line 4, "the" (first occurrence) has been changed to -- a --.

In claim 16, line 4, "the" (first occurrence) has been changed to -- a --.

In claim 18, line 4, "the" (first occurrence) has been changed to -- a --.

Art Unit: 3745

The above change to the specification has been made to correct an informality therein.

The above changes to the claims have been made to correct an informality in claim 1 and to improve the clarity and precision of claims 11, 12, 16, and 18, as set forth in the first Office action.

*Examiner's Comment*

Applicant's arguments, see page 10, third paragraph, filed March 28, 2005, that the term "opening ratio" is a term well-known to those skilled in the art, as is the equation for calculating the opening ratio, and the two supplied documents that show the meaning of the term "opening ratio" have been fully considered and are persuasive. The rejection of claim 14 under 35 USC 112, second paragraph as being unclear, and the objection to the specification as being unclear where it refers to the opening ratio, are withdrawn.
